NOTES: _____

1 Yard Temporary Residential Dumpster Terms and Conditions

Placement: Temporary dumpster sites must be approved prior to placement. Following approval of the site, and items for disposal, the customer must prepay the dumpster rental and complete the application. The District is not liable for damage to property due to placement, service, or removal a container. Dumpsters may not be moved from the approved location except by District personnel. Moving to an unapproved location may result in removal of the dumpster and forfeiture of fees paid.

Fees: 1-yard temporary dumpsters can be rented by week or calendar month. Following completion of the application and payment of fees, the dumpster will be scheduled for delivery the next regular business day. Single-use dumpsters will be removed the same day of the week they are delivered. To continue week-to-week usage, the new week's charges are due in the office the day before removal.

Weekly Rental: \$50

Calendar Month Rental: \$159.13

Removal: The District will automatically schedule removal of a weekly rental on the same day of the week the dumpster was delivered following the prepaid rental term. Calendar month rentals will automatically be scheduled for removal for the last working day of the month. If continuous service is desired, payment for consecutive weeks or months must be paid before the removal day. On, or following, the removal day, a new application and payment of rental fees will be required to re-establish 1 yard dumpster service.

Initial _____

Use: For calendar month rentals, the Refuse Department will empty your dumpster twice per week, usually on Mondays and Fridays. Multi-week rentals will be automatically emptied on the same day of the week they were delivered until removal. Single week rentals will not be emptied while they are in place. Please call the office for rates and availability of an additional pick-up. It is the customers' responsibility to keep the area near the dumpster clear. Blocked access to the dumpster may result in missed pick-ups. Inability to make scheduled pick-ups will not entitle the customer to a refund, extension of service or additional pick-ups. The District will not accept any electronic waste, concrete, steel, asbestos, hazardous waste, brick, large pieces of wood or stone, or any other non-compactable items in the dumpster. The District will accept small amounts of construction debris, not to exceed 4' in length. Dumpsters will not be emptied if they are filled above the top edge of the container or contain unacceptable items.

Contact Customer Service at (909) 585-2565 from 7:30am-5:00pm, Monday-Friday, except on District holidays, with any questions.
