

## 1 Yard Single-Use Dumpster Terms and Conditions

**Placement:** Single-use dumpster sites must be approved prior to placement. Following approval of the site, and items for disposal, the customer must prepay the dumpster rental and complete the application. Dumpsters may not be moved from the approved location except by District personnel. Moving to an unapproved location may result in removal of the dumpster and forfeiture of fees paid.

**Fees:** Single-use dumpsters are rented for \$50 per week. Following completion of the application and payment of fees, the dumpster will be scheduled for delivery the next regular business day. Single-use dumpsters will be removed the same day of the week they are delivered. To continue week-to-week usage, the new week's charges are due in the office the day before removal.

**Removal:** The District will automatically schedule removal on the same day of the week the dumpster was delivered following the prepaid rental term. If continuous service is desired, payment for consecutive weeks must be paid before the removal day. On, or following, the removal day, a new application and payment of rental fees will be required to re-establish single use dumpster service.

**Initial** \_\_\_\_\_

**Use:** Multi-week rentals will be automatically emptied on the same day of the week they were delivered until removal. Single week rentals will not be emptied while they are in place. Please call the office for rates and availability if you need your single-use dumpster emptied. The District will not accept any electronic waste, concrete, steel, asbestos, hazardous waste, brick, large pieces of wood or stone, or any other non-compactable items in the dumpster. The District will accept small amounts of construction debris, not to exceed 4' in length. Unacceptable items placed in the dumpster may result in missed pick-ups. Dumpsters will not be emptied if they are filled above the top edge of the container or contain unacceptable items.

If you have questions regarding any of this information, please contact Customer Service at (909) 585-2565.
