

**Water Conservation Incentive Program**

Water billing credit is available to participating water customers for replacing existing qualifying toilets with 1.6 gallons per flush (gpf) low-flow water saving toilets. A \$75 credit (per toilet) is available for existing qualifying properties.

Eligibility Requirements:

- A minimum of 8 C.C.F. (units) bi-monthly average use is required in order to qualify for the program.
- Existing toilet(s) must be 3.5 gpf or greater. Program pre-inspection of existing toilet(s) by district personnel is mandatory.
- Replacement toilet(s) must be 1.6 gpf or less, meet Uniform Plumbing Code and be UL listed. A second inspection is required to certify installation of the new toilet(s).
- Limit 2 replacement credits per property.
- Complete and submit the rebate application below.
